- Length: 175 mm
- Volt: 220/240V
- Watt: 4W
- Energy efficiency class: A
- Colour temperature: 2000 K
- Lumen: 150 Lm
- Adjustment: dimmable

Our bulbs with straight filament can work with all DIMMERS (TRIAC or IGBT), while for curved filament bulbs IGBT dimming is highly recommended.

For the choice of the dimmer: in addition to the maximum power of the user, the minimum power must also be considered, because when the regulated power is lower than the minimum rating, the user can "flicker" and / or be damaged.
