Cable Cup® silicone ceiling rose kit

Finish: White, Black, Red, Copper

Product short description:

Cable Cup® silicone ceiling rose kit is used to assemble a wall or ceiling lamp. It was developed by Swedish designers Jonas Forsman and Lars Wettre and won several design awards: it's unique and very easy to mount.

This Cable Cup® silicone ceiling rose kit is definitely right for you if:

- you need a single pendant lamp, i.e. with one light bulb
- you prefer not to drill the ceiling

To configure and complement your Cable Cup® silicone ceiling rose kit:

- use the menus to define the features
- complete your lighting installation with Creative-Cables components, accessories, light bulbs and flex

A creative tip for you:

- choose for your ceiling rose a matching silicone lamp holder

PLEASE NOTE: the accessories to connect the ceiling rose to the power are NOT INCLUDED in the kit and are usually supplied by your electrician. They can be bought separately from us if needed.

Product description:

The Cable Cup® rose makes installation easy: reversible, made of soft, malleable plastic, it adapts to any type of ceiling.

Technical specifications:
