Porcelain E14 lamp holder

Finish: White, Light blue, Yellow, Black, Red, Green, Grey

Product short description:

Porcelain E14 lamp holder for use in pendants or ceiling/wall lights.

For installation videos see our Youtube channel.

This is a bare bulb lamp holder but it is sometimes possible to add a shade. Please see this guide if you would like to add a shade to this lamp holder.

If you would like to create a custom pendant with this lamp holder please send us an email with the following information:

- Lampholder type
- Ceiling type
- Cable type and length
- Pendant assembled/DIY (components only)

- Shipping address
- Preferred carrier: Normal, Express or Super Express.

Find our E14 light bulbs here.

Fitting is M10, 10mm. All-thread can be found here.

Product description:

Porcelain E14 lamp holder, complete with cable clamp.

Height: 60 mm

Diameter: 30 mm

Fitting: E14

Cable clamp material: thermoplastic.

This lamp holder has a safety device that does not allow you to unscrew it once assembled (to protect you from electric shock when changing bulbs).

For this reason, in case you need to unscrew it, you must unlock the security system placed in the base by acting on the security tab with a screwdriver. See this guide.
