Tubular LED Light bulb 4,5W E14
Clear Dimmable

Product short description:

The Tubular LED light bulb 4,5W E14 is perfect for a table lamp or any small lamp, thanks to its E14 fitting and reduced dimensions.

The clear bulb gives off plenty of warm light, and is dimmable.

ATTENTION: to properly dim an LED bulb, a specific dimmer or the latest generation of universal dimmers is required. You will find a specific section on our website with a selection of both wall and in-line models.

Product description:

Technical specifications:

Fitting: E14

Diameter: 25 mm

Light colour: 2700 K

Volt: 220-240 V
Energy efficiency class: A++
Light bulb type: Led
Watt: 4,5 W
Lumen: 470 Lm
Length: 90 mm
Shape: Tubular
Adjustment: Dimmable

Our bulbs with straight filament can work with all DIMMERS (TRIAC or IGBT), while for curved filament bulbs, IGBT dimming is highly recommended.

For the choice of the dimmer: in addition to the maximum power of the user, the minimum power must also be considered, because when the regulated power is lower than the minimum rating, the user can "flicker" and / or be damaged.
